Update Feb. 1-

All strategy implementation activities in MICIP related to the above goals are identified as “on track” or “on target.”

Related activities include-

1. Develop a systematic framework for departmental problem solving.
2. Monitor the progress of district and school-level multi-tiered instructional framework to review gaps of implementation and review progress among stages (TFIs, DCA, etc.)
3. Establish and refine processes for district and building-level decision making.
4. Build district-wide expertise in Essential Literacy Practices.
5. Install systems and processes to support a multi-tiered framework for literacy and math.
6. Establish a system for the collection and monitoring of social-emotional and behavior data, including student outcome and fidelity as part of an integrated academic and social emotional MTSS framework.
7. Promote effective PBIS strategies district-wide.

The district will monitor performance of students as compared to state-wide averages annually and update progress in the MICIP platform.
